Are you working hard to realize your dreams, but never quite getting there?

Did you get to the end of 2016 and feel like you were still in the same place you were a year ago?

If your answer is yes, you could be missing the 4 Ds of Dream Development.

After all, the key to changing your life isn't to work harder - remember, the definition of insanity is doing the same thing over and over again and expecting different results. The key is to apply the tools that will transform your life and business.

Isn't it time to discover what you've been missing and how to create the life you want? Find out how at the 4 Ds workshop.

About Your Presenter, Sophia Falke. I had a "pretty good" life for the first 30 plus years of my life. but then I discovered something was missing and that "good" is the enemy of "great." Thus began my (sometimes very painful) journey to transform "is that all there is?" into a life of expansion and joy. Now I take pleasure in guiding and supporting you through a proven success formula so you too can transform your life. I could talk about my degrees and job experience, but my biggest joy is helping you live the life you love. Join me through my workshops, coaching, webinars, and my book, *Never Too Late: A Guide for Living the Life You Love* (due Spring 2017).
